From the Head of School

As I reflect on the 2019-2020 school year, my heart is full of gratitude. I am grateful for the amazing support our TNCS community showed during an unprecedented year.

As we began our year, we were focused on our largest student body ever, implementing our "Portrait of a Graduate," which led to curriculum alignment, the addition of new courses, and looking towards dual enrollment options for the 2020-21 school year. We had also just created a position for a Social-Emotional Coach, as well as a campus Wellness Coach. This ended up being the most important groundwork we could have laid during the first semester of the year. Our Health and Wellness team was set and comprised of our health teacher, our school nurse, PE teachers, our Social-Emotional Coach, our Wellness Coach, and our Director of Health and Wellness.

When we unexpectedly had to close campus on March 13th, our faculty and staff worked tirelessly to provide quality instruction to our students. Although they were not on campus, our students were at school. We started with our core classes and soon added the health and wellness component. This allowed our community (parents and siblings, too) to have much needed time in their day focused on their social, emotional, and physical health.

Our community only became stronger last spring. We were determined to support our students both academically and emotionally to the best of our collective ability. This amazing effort by our faculty and staff was recognized by our parents and our supporters. This resulted in a new record for our Annual Fund, raising over \$600,000!

This support has helped us prepare for what is most likely going to be the most unusual school year in our almost 50 year history. It allows us to be financially positioned to appropriately support our faculty, who worked all summer to prepare to teach our students in a new way in-person, through distance learning, and through a hybrid model with some students in the classroom while others learn from home. This is hard work but so very worth all the effort to be able to continue our important work and mission of empowering bright students with dyslexia and related learning differences. This support has allowed us to exceed all the safety guidelines necessary to safely reopen our campus. As I write this, we have finished six weeks of classes, with this past one having all grades on campus for the first time this year.

Your support makes this possible. I continue to be grateful for the dedication of our faculty and staff and all our supporters.

With gratitude,
Nancy L. Foy

Class of 2020 Senior Fundraiser

As their community service project, the Class of 2020 took on the challenge of renovating a playground at a nearby daycare center. Though their fundraising plans were cut short by the pivot to distance learning, they raised enough to complete their project over the summer. Thank you to those who helped make this project a reality.
