

Concussion Presenters to TNCS Faculty: Bios

Steven G. Reece, M.D.

Undergraduate: Duke University
Medical school: Virginia Commonwealth University School of Medicine
Residency: VCU Family Practice, Hanover Family Physicians
Fellowship: Moses Cone Hospital, Greensboro, NC

- Board Certified in Sports Medicine, Dr. Reece provides comprehensive medical care for athletes of all ages, sports teams, and active individuals looking for a non-surgical approach to their active lifestyles.
- A frequent speaker and writer on various sports medicine topics, his memberships include the American College of Sports Medicine and the American Medical Society of Sports Medicine.
- Dr. Reece's vast experience in the field includes serving as team physician to the University of Georgia, the United States Olympic team, Elon University, volunteer service to the Virginia Special Olympics, and extensive time spent with the NBA's Minnesota Timberwolves and Atlanta Hawks.
- He is currently team physician for Glen Allen High School, Highland Springs High School, Benedictine College Prep, and Richmond Christian School.
- Dr. Reece also serves as an Assistant Basketball Coach for the Trinity Episcopal School Titans.
- For the past two years, Dr. Reece has also provided New Community's athletes their sports physicals.

Cristin Beazley, PT, DPT, CBIS

Cristin Beazley graduated from the VCU Physical Therapy Program with a Doctorate of Physical Therapy in 2006. She has worked for the last 11 years with an emphasis on Pediatrics and Neurologic Physical Therapy with a specific focus on concussion management over the last 6 years. She is the Clinical Lead for the Total Concussion Care program at Sheltering Arms Rehabilitation Center and is the lead author of a comprehensive clinical practice guideline that is used to guide treatment. Cristin is a Certified Brain Injury Specialist and is actively involved in clinical research. She currently treats in an Outpatient Physical Therapy clinic in Richmond, VA and works exclusively with patients who have had a concussion.
