*Decoding Dyslexia Virginia* is a grassroots movement focused on linking families to resources, support, and educational interventions for dyslexia. We aim to raise awareness, empower families to support their children and inform policy-makers on best practices to identify, remediate and support students with dyslexia in Virginia.

Our group is made up of parents whose children are dyslexic. We are not experts; we are not a business or an educational organization. We offer the community the benefit of our collective experiences.
