

## The Lost Hero

Do you like Greek Gods? Do you like Percy Jackson? If you do, this is the book for you. You follow the boy named Jason who has no memories. He is joined by Piper and Leo, his best friends. Piper is a movie star's daughter, and Leo is an orphan with some troubles. They set out on their adventure, which is called a suicide mission by many of the characters. Will they complete their mission, or die in shame? I think you will enjoy this book because it mixes intensity and laughter.
