

### Reader's Rave

I am reading the book *Five Nights at Freddy's The Silver Eyes* written by Scott Cawthon. The best words to describe this book are horror thriller. It stands out from other books because it shows how brave teens can be. The book takes place in 2002. It is about a teenager named Charlie and her friends who explore the ruins of Fredbear's Family Diner, a place shut down in 1983 after the animatronic Fredbear accidentally bit a child. The child was okay but Fredbear and the other animatronic, Springbonnie, were left to decay. Later on in 1987 Afton Robotics opened a place called Circus Baby's Pizza World. After that failed, he then made Freddy Fazbear's Pizza in 1989. The teens find the robots and clues which leads them to discover the story of William Afton a.k.a the Purple Guy. Some of the highlights of the story are: the mystery of the murders at Freddy Fazbear's Pizza, what happened to Carlton, and the relationship between Charlie and John. What I would like to tell you about this book is that is recommended for ages 13 and up. I think you would enjoy this book because it's scary, funny, and mysterious.
