

I Hunt Killers by Barry Lyga is most likely the best book I've ever read. This book is a horror thriller with an impossibly great plot. The book revolves around Jasper Dent, the son of one of the most notorious killers in the world, Billy Dent. Jasper's childhood involved him helping dispose of his dad's victims' bodies and collecting "Trophies" from the people his dad had killed. Later Jazz's father has been turned into the police. Since then, a new killer is on the loose and he is copying his dad's past kills. Jasper and his best friend, Howie, use skills that they had learned from his father to try and find the killer and turn him in; but he must do this while avoiding the police or he could run the risk of getting put into jail as well. *I Hunt Killers* is easily the most interesting, exciting and heart pumping book I have ever read.
